

International Symposia 2012

Design & Health Australasia 2012

28-29 March, 2012
Sydney, Australia

Design & Health Europe 2012

20-21 Sept, 2012
Helsinki, Finland

Design & Health Africa 2012

November, 2012
Johannesburg, South Africa

The Academy's international symposiums respond to local issues concerned with the research and professional practice of design and health within a global context.

Each event blends high quality, relevant speaker presentations with workshops, an exhibition of innovative design solutions, networking and a gala dinner.

Interdisciplinary audiences range in size from 100-300 people comprising of architects, designers, health planners, hospital operators, clinicians, government/health ministry officials, municipal planners, researchers, academics and private industry.

Sponsorship of an international symposiums provides a unique platform to help shape the event programme, raise your international profile and position your organisation at the forefront of the field of design and health. Providing a unique offering of personal engagement with extensive digital and print branding before, during and afterwards, sponsorship is prestigious, long lasting and a highly effective means of boosting your international profile.

"I thought that both quality and relevance of the speakers was amongst the best that I have seen"

Robert L Hopton, Principal, Woodhead

"In comparison it ranked among the top I have been to in the last few years, content was very good, wide ranging and relevant"

Wade Sutton, Associate, Hassell

"I can honestly say this is the best conference I have ever attended. It perfectly matched my current need to increase my knowledge of good design in health"

**Jenni Gratton-Vaughan,
Exec Director Planning & Innovation
Royal Victorian Eye and Ear Hospital**

"An excellent event in which to discuss issues and innovations with other professionals in a global setting"

Jeff Bartle, R&D Manager, St Andrews Healthcare

"Excellent – I was only sorry more of my colleagues did not attend"

**Robert Rust, Chief Executive
Health Infrastructure, NSW Health**
